THE STRIKE SITUATION

SPECIAL CONSTABLES BEING ENROLLED.

CHINESE BANKS CLOSE.

LABOUR CONTROL. BUTCHERS AND BAKERS WANTED.

A general survey of the strike situation to-day reveals no marked change from yesterday. The cargo and coal coolies are still working. Work at the docks and refineries is going on as usual and the ferries are still in operation. A big meeting of Chinese engineers and mechanics was held at West Point last night with the idea of a date being fixed for a strike by this section of Hongkong labour. The precise decision is not known, and the strikers were at work as usual this morning.

Reports from the various districts and outlying stations received this morning at Police Headquarters state without exception that conditions are quiet and there have been no disturbances.

A rumour was given wide currency yesterday that two Chinese schoolgirls were murdered for going back to school in Wanchai. Investigations were undertaken by the police, but it was found that there was not a vestige of truth in the report.

THE FOOD SITUATION.

AMPLE STOCKS: GOVERNMENT MEASURES.

Interviewed by a *Telegraph* representative this morning, the Food Controller, Mr. N. L. Smith, said that the emergency arrangements for the supply of food to Europeans, such as the supply in the Peak district, were working satisfactorily.

As for the supplies to Chinese, the pork butchers had gone on strike yesterday, but his information up to this morning was that all the other stalls were carrying on normally.

There were big stocks of frozen meat in the Colony held by the Dairy Farm, and the European bread supply was being conducted efficiently, with ample supplies, by Messrs. Wiseman's.

Rice and Vegetables. There was, however, a shortage of vegetables, which were not coming in as they normally did. He was trying to make some arrangements for a supply from the New Territories, but could not say whether the position would be greatly relieved thereby.

The price of rice, it was reported to him this morning, was going up. There was no reason whatever for this, as there were at least six months' stocks in the Colony and the export had been prohibited. He had just issued a notice to those concerned that if the price went on rising the Government would step in and take over control of rice sales, at a reasonable price.

The Food Controller added that he hoped to do something to relieve the situation as regards the pork butchers, though the committee of Chinese gentlemen who were assisting him had advised him that pork did not matter so long as the authorities could keep down the price of rice, salt-fish, and salted vegetables.

Poultry Dealers Affected. Later information obtained by a *Telegraph* representative is to the effect that the poultry dealers came out this morning, and it is also learned that the beef and mutton butchers are expected to down choppers on Thursday.

SPECIAL CONSTABLES.

ENROLMENTS BEGIN TO-DAY.

Once again a Special Constabulary Force is to come into being. Enrolments commence to-day, when recruits will be drawn from residents registered at the C. H. Hall, the Headquarters of the Labour Controller. We are asked by the C.S.P. to state that applications for enrolment in the Special Constabulary should be sent in to the Labour Controller in the first instance, and not to Police Headquarters.

There has been a very gratifying response to the call for volunteers to enrol their names at the office of the Labour Controller at the City Hall, and when a *Telegraph* representative visited the offices this morning there was quite a crowd of men filling in enrolment forms. At the moment only bakers and butchers are in real demand and any who possess baking or butchering abilities should report themselves. A number of men have already been supplied to the Dairy Farm, and as the demand arises there will be a call made on others who have enrolled.

SITUATION IN CANTON.

SHAMEN SERVANTS ALL OUT.

(Our Own Correspondent.)

Shamene, June 22.

There was a great exodus of foreigners from Canton by the s.s. Tung On on Saturday evening. The impression made on the people by this apparent fear of trouble was satisfactory. The Cantonese appreciate the use of common sense.

The servants left their posts on Shamene on Sunday morning and there was not one left by 11 a.m. The servants in foreign employ of the Concession have not left, no pressure having been employed in their case. They are expecting inconvenience to-morrow, when the procession of mourning is due to take place and the city will be paraded by crowds of students with a view to making the most of the Shanghai trouble. Platforms are being erected on the East Parade Ground, where speeches will be delivered.

Shamene is deserted by the Chinese. The Banks only open from 10 a.m. to noon, and everyone is in picnic attire.

The feeling in the city is that the strike will not last long. Money is the great need of the Labor Guilds and of the student bodies. This morning the ringleaders of the strike among students and work people have been canvassing for funds. They have been to all foreign offices off Shamene and have forced the clerks and other employees to pay five per cent. of their pay for June. In several offices this was paid by the principals, so as to keep the staffs at work. The only thanks received was a promise that they would call again next month for a similar contribution!

The sad part about the strike is that the vast majority of the people do not want it. The student body is now discredited in the eyes of all thoughtful citizens.

THE SHIPPING POSITION.

EFFECT ON OCEAN-GOING VESSELS.

The strike is slowly spreading in regard to ocean-going steamers, although the exact position as yet is one of uncertainty. The Canadian Pacific Steamship officials say in reference to the rumours concerning the Empress of Asia that they are working on the assumption that she will sail according to schedule on Thursday. The Chinese members of the crew have given no indication that they do not intend to again sign on, but none have so far put in an appearance.

The Dollar Steamship Line has considered it advisable to divert the President Cleveland to Manila, allowing her to call at Hongkong on her return journey. The President McKinley will not come South at all. Her voyage will cease at Shanghai.

Other companies are reticent with regard to their vessels, but the Harbour Office reports show that of

eighty-six vessels in Harbour this morning, thirty-nine were British, and of thirteen vessels which cleared yesterday, only the Hydrangea and the Soochow fly the red ensign.

CHINESE BANKS CLOSE.

"SQUEEZE" BY MONEY-CHANGERS.

One of the most important of to-day's strike developments has been the closing of all the Chinese banks, due to the fact that they experienced something in the nature of a run yesterday. The Bonham Strand establishments, together with the important concerns such as the Bank of Canton, the Bank of China and the Ho Hong Bank, all failed to open their doors this morning, notices being posted outside stating that the banks were temporarily closed owing to the "state of emergency." We understand that it was with the consent of the Hongkong Government that the closing decision was arrived at.

Of course, the closing of the banks has had a very far-reaching effect, one of them being to bring about the closing of the various share and stock exchanges. To-day should have been Settlement Day and there had been previous arrangements made that the Chinese banks would accommodate clients. About \$2,000,000 was involved in these arrangements, and when the Banks decided to close there was no alternative but to postpone the Settlement Day until such times as there is a normal flow of money. A meeting of the Exchanges was held yesterday when it was decided to postpone the Settlement Day until July 7th. In the meantime, the stock exchanges are closed, no quotations being issued.

The whole of the European banking establishments are working as usual. There has been an attempt to discredit the value of the notes of the various banks. Silver money is generally in abnormal demand by the Chinese and the money-changers in the native part of the city are refusing to give the full value for notes. In some cases only 80 cents are being given for \$1 notes and it is reported that some money changers will not give more than 60 cents. This is sheer "squeeze" for the notes are worth every bit as much as the silver or subsidiary coin equivalent.

BANK DEPOSITS.

EMBARGO ON WITHDRAWALS.

The run on the native banks has led the Government to issue an order by which withdrawals amounting to over ten per cent. of the deposits are prohibited. To enable extra police pickets to be placed on guard duty at the banks, members of the Defence Corps are being almost exclusively detailed for patrol duty each patrol being placed under the command of a Police Officer.

The regulation regarding Banks is issued to-day in a *Government Gazette Extraordinary*, and is in the following terms:—

The Banks named in the following schedule are prohibited from paying out to any depositor a sum larger than ten per cent. of the amount standing to his credit with them, except under licence from the Colonial Secretary.

Should any such Bank be unwilling to comply with this regulation, it is hereby permitted to suspend business until the regulation is withdrawn:—

The Bank of Canton.
The Bank of China.
The Bank of East Asia Ltd.
The Fu Tien Bank.
The Ho Hong Bank Ltd.
The Industrial and Commercial Bank Ltd.
The National Commercial and Savings Bank Ltd.
The Oriental Commercial Bank Ltd.
The Yien Yieh Commercial Bank Ltd.
All native Chinese banks.

SEDITIONOUS PAMPHLETS.

FOUR MEN SENTENCED.

Two men who were arrested by District Watchmen in the Western district in possession of seditious literature were sentenced to ten months' hard labour each by Mr. Forrest at the Central Magistracy this morning.

Another man, who was a house-boy in the employ of Captain Cook, was given nine months, whilst a fourth man charged before Mr. S. B. B. McElderry received six months, and an order to pay a fine of \$500 or to serve a further term of three months in default of payment. He admitted having in his possession a bundle of seditious pamphlets, and a number of meal tickets issued by the Foreign Service Guild to striking members who are going up to Canton.

CANTON CHRISTIAN COLLEGE.

Practically all foreigners have now left the outlying districts of Canton. Mrs. Graves, who is in charge of a school for blind Chinese girls, and Mr. and Mrs. Lake remain at Tung Shan. At Paik Hok Tung, representatives of the Standard Oil are still on duty.

At the Canton Christian College, children and the majority of the women staff left for Hongkong on Saturday as a food shortage was feared. However, graduation exercises were held in good order. The Baccalaureate sermon was delivered by President Henry and diplomas were awarded on Monday morning. General Li Fuk-lum dispatched a special deputy on Saturday to the College, promising full protection, and at a meeting of all the workmen it was resolved not to strike. Domestic servants are still employed at the College.

ADD News Brevities. At the Kowloon Magistracy this morning, the first of the three Chinese arrested for trespassing on Holt's Wharf was discharged by Mr. E. W. Hamilton while the other two were each sentenced to two months' hard labour. The discharged defendant pleaded he had gone on the s.s. Meriones, which was berthed alongside the wharf, to see a relative. The defendant's wife substantiated his story and he was discharged.

General Herbert Biles, General A. Barker, Senator and Mrs. Pittman passed through the Colony on the s.s. President Adams.

STRIKE ITEMS.

Peak residents are asked to attend a meeting at the Peak Club at 6 p.m. to-morrow. Ladies are particularly requested to be present. In the local stock market, the June settlement has been postponed until July 7th, whilst the exchanges have been closed until further notice.

A correspondent suggests the removal of the Police Reserve, and thinks this a splendid opportunity for the former Chinese members thereof to show their loyalty and common sense.

At a meeting held in the American Consulate last evening, Mr. A. M. Fletcher expressed thanks for the offer of help and announced that it had been decided that local Americans be employed as civic guards.

Chinese merchants have generally agreed that business for the present be on an entirely cash basis. The sensational rumour current yesterday that Japan had declared war on China have not been confirmed.

Ladies and gentlemen willing to offer their services in V. A. D. and ambulance work are asked to communicate with Mr. E. Rolphs at the Education Office.

A gratifying note in the present situation is that the Chinese fitters and mechanics have decided not to strike.

The Kowloon dairy notifies that customers may get their milk supplies at the Empress Store. Cash must be paid and customers provide their own receptacles.

Many Kowloon house boys who had not left work were intimidated last night by means of notices which were placed underneath the back doors.

Tailors employed by European firms have absented themselves.

News from Canton last night shows that the French cruiser Altair reached that place safely at about 2 p.m. yesterday and took up a position off Shameen. It was feared that on account of her length, some difficulty would be experienced in navigating her.

The s.s. Honam at Canton is being used as a store and standby ship. She is now manned by British, American, French and Portuguese sailors while the stores are in charge of the purser from the U. S. S. Ashville. A naval tug arrived from Hongkong at about 3 p.m. and transferred provisions to the Honam.

At Kennedy Town, men from the Surrey Regiment are assisting in the slaughter houses and generally carrying out the work of butchers.

The boys employed in the mess and on other duties at the Hongkong and Shanghai Bank left work yesterday.

The Magasin General advertise that they are well stocked in all lines of French provisions which will be sold at the usual prices.

We learn that a special train for the transportation of workers from Hongkong is being operated on the Chinese section of the Kowloon-Canton Railway. The strikers are transferred on to this train on leaving the British carriages at Sumchun.

The Hongkong and Shanghai Hotels, Ltd., have been compelled to call upon Shanghai to supplement the emergency staffs, Hongkong, and a number of assistants arrived this morning.

MISSIONARIES ARRIVED.

The s.s. Tai Ming, brought a number of missionaries, mainly from the interior, their districts necessary to be strong anti-foreigners, which exists. Among the missionaries, who the American with a *Telegraph* in an interview, stated that students responsible for the present state of affairs. "So far," Dr. Mewshaw, "Americans stay away with respect, but we feel a little event might happen which would include them in the present unfortunate events."

The doctor stated that at Kwelin, which is situated in the northern part of the Kwangsi Province, and where he has been stationed, the students attacked the compound of the C.M.S. and compelled Mr. Bland, the English missionary in charge, to remain in their custody for a day and a night. The military offered protection when the affair was made known to them, although, in order to save bloodshed, Mr. Bland elected to stay. His wife insisted upon accompanying him, and, then later released, they both made arrangements to leave for Hongkong.

Dr. Mewshaw, whose party was given an escort of 40 Chinese soldiers further stated that the cry to be heard on every hand was "anti-English" and "anti-Christian." When Dr. Mewshaw left, students were endeavouring to find the Chinese Postmaster who had befriended Mr. Bland, and some apprehension was felt for this official's safety should he be discovered.

CHAMBERS OF COMMERCE.

A BRITISH PRESIDENT.

Brussels, June 22. The British delegation of the Congress of International Chambers of Commerce has unanimously nominated Mr. Walter Leaf to the Presidency thereof, it being Britain's turn to propose the next President. At a meeting of the transport group of the Chamber, a Japanese resolution demanding uniformity in regulation and transportation of dangerous goods was adopted.—*Reuter*.

CHINA UNREST.

THE SHANGHAI ENQUIRY.

London, June 22. In the House of Commons replying to Mr. Hayes, Mr. Chamberlain said that it might be assumed that

the enquiry in Shanghai would cover the questions of the time allowed to elapse between the warning of the crowd and the order to shoot, and the powers possessed by the international authorities in dealing with street processions, but the British Charge d'Affaires in Peking was being instructed to make sure that it did so.—*Reuter*.

London, June 22. In the House of Commons, replying to Mr. Rennie Smith, Mr. Baldwin rejected the suggestion that a Trade Union delegation be appointed to investigate the industrial conditions in Shanghai.—*Reuter*.

THE HANKOW POSITION.

Hankow, June 22. The situation is quiet, the arrangements by agitators for a Dragon Boat Festival comprising projected British royal British firstly, the refusal of all bank notes and cash; secondly, the refusal of all money from buying and secondly, the refusal of all non-selling of goods; all relations future; and, finally, whether with British goods, to be severed. A demonstration is also being held on Thursday, with a march on Friday and a speech on June 28, as a grand finale. Dair the Tapan, Hsiao Yan-an, function these proceedings is yet not known.—*Reuter*.

GOLF CHAMPIONSHIP.

YESTERDAY'S PLAY.

London, June 22. At Troon, sunshine and a light north-westerly wind marked the qualifying round of the Open Golf Championship. Half of the competitors played eighteen holes on the Old Course and the other half a similar number on the Portland Course. This order will be reversed to-morrow. The leaders to-day were:—Dick May (Benton Park), 70; M. O'Neill (Robin Hood), 71; J. Stuart (Brough), 71; J. Milner (Portchaw), and Percy Allis (Wanston), 72; George Gadd (Rochampton), 73. The Americans, Jim Barnes and MacDonald Smith, tied at 77. The Australian, Joe Kirkwood, scored 79.—*Reuter*.

WIMBLEDON TENNIS.

DAVIS CUP PLAYERS LOSE.

London, June 22. There was a large crowd at the Wimbledon tennis tournaments to-day in spite of the chilly weather. The courts were in perfect condition.

The first prominent Britisher to be eliminated was the Davis Cup player, Godfree, who was beaten by his fellow-countryman, Sharpe, 2-6, 6-4, 6-1, 6-2. Gilbert defeated the Indian Davis Cup player, Hadi, in three straight sets 6-3, 6-3, 6-4, while the Frenchman, Cochet, defeated Gregory, the Yorkshire champion, 6-4, 6-2, 6-0. Hennessey, one of the American visitors, beat Vanderveen, Holland, 6-3, 4-6, 6-1, 6-2.

The most interesting match was that between J. O. Anderson, the Australian, and Dr. Andreac, the Indian Davis Cup player, on the centre court. The Indian all but won; his backhand was superior, he was steadier and retrieved magnificently on occasion. Anderson showed no glimpse of his true form until the second set when he placed finely; then, following the loss of the third after a long struggle, he rallied and won the fourth. Dr. Andreac went to 8-1 in the fifth, but Anderson volleyed spectacularly and hit devastatingly, winning the next five games for set and match. Anderson won 2-6, 6-3, 6-8, 6-5, 6-3, and is a strong favourite for the final with the Frenchmen, Borotra and Lacoste.

R. Lycett defeated Latchford, the ex-boy champion, rather easily in three straight sets 6-1, 6-1, 6-1, while Lacoste defeated the English player Higge 6-4, 6-2, 6-2. Borotra played exceedingly well to defeat the Australian Davis Cup player, Heath, 6-1, 6-3, 6-1. The faint British hopes rest with Gilbert.—*Reuter*.

TO OUR READERS.

As must be perfectly obvious to readers of the *Hongkong Telegraph* and the public generally, the strike situation has materially affected newspaper production as it has other spheres of labour in the Colony. This fact explains the attenuated character of this edition.

We hope and trust that, during the present situation, we shall be able to produce a sheet somewhat of this style in order to keep the public informed of the more important developments of the strike situation, as well as keep them posted with local and world news.

Under the unusual circumstances prevailing, it has not been found impossible to insert the usual trade advertisements, although we hope to be in a position to publish all notifications of an urgent character. In the meantime, we crave the indulgence of our advertisers and the public generally for any shortcomings which may result from the conditions under which the *Telegraph* is produced.

BOXING.

BRITISH CHAMPION BEATEN.

London, June 22. At Holland Park Hall London, in a twenty-rounds contest for the British and European Lightweight Championship, Harry Mason (European champion) beat Ernie Izzard (British champion) in the ninth round.—*Reuter*.

Abandoning his usual tactics of fighting on retreat, Mason was most aggressive. He forced the fight from the start. Izzard was six inches taller and had longer reach, but he could not keep Mason out. The latter had the better of the opening rounds, but Izzard improved in the fourth and fifth, and there was not much in the next two. In the eighth, Mason floored Izzard with a smashing left to the jaw. There was a terrific uproar, and Mason, thinking Izzard had taken the full count, went to assist him to rise. The referee told them to box on and Mason then attacked fiercely. He floored his staggering opponent several times before the bell sounded. When the bell went for the ninth round Izzard still remained seated at his corner and the referee awarded the fight to Mason.—*Reuter*.

CIVIL RESEARCH.

COMMITTEE TO INVESTIGATE.

London, June 22. The Committee of Civil Research, mentioned on May 20th, will be presided over by the Prime Minister, and, in his absence, a Minister nominated by him. The Committee will consist of persons summoned by the Premier and will be an advisory body charged with giving centralised attention to the development of economic, scientific and statistical research in relation to civil policy and administration, and will define new areas in which enquiry will be valuable.—*Reuter*.

INDIAN GUARD SENTENCED.

ABSENT WITHOUT LEAVE.

An Indian guard was sentenced to one month's hard labour, at the Marine Court this morning, for absenting himself from the s.s. Mingsang without leave.

The master explained that the man left the vessel on the 9th May, was arrested and returned to the vessel on June 5th. He again deserted on the following day.

The man pleaded guilty and said he had acted very foolishly. Three boatmasters were charged with being under way without exhibiting regulation lights. A fine of \$15, or two weeks' in default, was imposed in each case.

Hon. Secretary,
Hongkong, June 23, 1925.

NOTICE.

THE SHARE & REAL ESTATE BROKERS SOCIETY OF HONGKONG.

Owing to unforeseen circumstances, June settlement day which ought to have taken place to-day (23rd June, 1925), has been postponed until further notice.
